

The image shows a theatrical stage performance. On the left, two performers in light-colored, possibly white, outfits are suspended in the air by ropes, holding hands. They are positioned in front of a large, translucent, blue, dragonfly-like prop. The background is dark with some faint, glowing elements. On the right, two more performers in similar light-colored outfits are on the stage floor, which is illuminated with vibrant, multi-colored lights (purple, blue, yellow, and red). The entire scene is overlaid with a large, intricate, light-colored geometric pattern consisting of overlapping circles and lines, resembling a complex mandala or a sacred geometry design. The text "SACRED DOSSIER2019" is centered in the middle of the image in a gold, serif font.

## SYNOPSIS

Everything is connected, from the deepest depths of the ocean to the most far away galaxy, all of it.

This is the sacred bond that unites us. It is the inheritance of the time, the seed of creation that we all carry inside us.

In Sacred we propose a journey through all of these divine geometries which give sense to life.

It is a spectacle of dance and projection which invites self-reflection on the note that vibrates in us, inside the music sheet from the heartbeat of the universe.

A spectacle that you cannot miss to be able to feel what we embrace and what is embracing us.
